The actions were announced by George Meany, AFL-CIO president, after a two-hour council meeting.

Effective Immediately
Meany said Beck's suspension is effective immediately while the Council considers charges against the Teamsters' chief based on what he termed Beck's "actions in bringing the labor movement into disrepute" and his failing to explain "the many charges against him" concerning use of Teamster Union funds before the Senate Rackets Investigating Committee.

Beck pleaded his constitutional rights, invoking the Fifth Amendment, when questioned by the senators Tuesday and Wednesday. The amendment protects a will-

TRUCK UPSET BY DIESEL AT CROSSING HERE

There was much excitement, but little damage, when a Western Maryland Railway diesel engine upset a truck at the Carlisle St. railroad crossing at 5 o'clock Thursday evening.

Richard L. Smith, 239 W. Middle St., owner of the truck, estimated damage to the vehicle at "about \$40" after it had been righted. When the diesel struck the truck it was tossed to its side on the north-west corner of the crossing.

A handrail on the front of Diesel engine No. 82 was damaged. A section of the plywood body of the truck, at the right rear of the vehicle, was gouged out by the impact, and a piece of metal holding the plywood was bent.

Two Escaped Injury
Smith and helper Edward Lockkett, S. Washington St., in the cab of the truck, were uninjured. The truck had slowed for a left turn into Railroad St. and Smith told borough police that when the locomotive was sighted "there wasn't enough speed to get out of the way."

E. R. Shook, Hagerstown, was engineer for the locomotive and E. C. Grimm Hagerstown, the conductor. The engine and caboose were headed west, going to Hagerstown.

The toppling truck narrowly missed a car headed south that halted on the north side of the railroad track. Several youngsters near the crossing ran when they saw the truck topple.

One-Way Traffic

With the accident occurring during the 5 o'clock "rush hour" for homeward bound traffic from offices and plants, a large crowd quickly gathered. Borough Policeman Paul B. Shearer, at the scene, kept traffic moving north on a one-way basis while Chief of Police Jack Bartlett directed south-bound traffic to Washington St. at the Water St. intersection of Carlisle St. The crossing was cleared in a half hour.

A. E. Hutchison used a cable to a utility pole near the railway station, plus a tow truck, to right the upset truck. The empty vehicle bounced to its wheels and was immediately driven away.

Milton R. Tipton, Western Maryland Railway detective, conducted an investigation into the accident.

BRAKES FAIL; \$1,050 CRASH

Damage totaled \$1,050 when a dump truck and a tractor-trailer carrying a prefabricated house collided on the Gettysburg-Carlisle pike at its intersection with the Aspers-Bendersville Rd. Thursday morning at 8:50 o'clock.

State police said Robert Lee Tipton, 21, Gettysburg R. 2, was driving a dump truck owned by Richard G. Beamer, Biglerville R. 1, west on the Aspers-Bendersville Rd. when he sought to halt at the stop sign for the intersection with the Carlisle pike and found that the activator on the rear axle had failed and he had no brakes.

The dump truck continued into the intersection and struck the side of a south-bound tractor-trailer owned by the American Prefabricated, Inc., Perryopolis, driven by Andrew J. Zurick, 28, Starr Junction, Pa.

The impact drove the tractor-trailer into a culvert, causing \$1,000 damage to that vehicle. Police said damage to the prefabricated house on the trailer was slight "just a couple dollars to mauling." Damage to the dump truck was estimated at \$50. Neither of the drivers was injured.

Ike Suggests Cabinet Say When President Is Disabled

WASHINGTON (AP)—President Eisenhower proposed today that the Cabinet be authorized to decide whether a president is temporarily disabled, so that the vice president can take over.

Under Eisenhower's plan that action would be taken if the chief executive himself is unable or unwilling to make the decision himself.

Eisenhower's suggestion that the Cabinet decide by a majority vote ran into opposition immediately at an Eisenhower conference with congressional leaders of both parties.

Some of the leaders told newsmen they feel there is no need whatever for a constitutional amendment such as Eisenhower proposed.

Others took the position that the situation can be dealt with through a simple law, without resort to a change in the constitution. Eisenhower called today's meet-

FAIRGROUNDS TO BE "HQ" FOR BLOSSOM TOUR

Headquarters for the annual Fruit Blossom Tour sponsored by the Fruit Growers Association of Adams County will be the South Mountain Fairgrounds this spring, the fruit growers decided Thursday evening at their meeting in the Bendersville Community Hall.

William M. Lott, chairman of that committee, reported the recommendation of the committee which was approved that the headquarters be moved to the fairgrounds from Biglerville, where it had been located for the last several years because of the central location of the fairgrounds and the vastly increased space available there.

Much of the meeting was devoted to discussion of plans for the Apple Blossom Festival occurring within the next six-week period—weather permitting. John Pitzer reported insufficient apples in storage to meet the expected demands for the tour.

Moment Of Silence

It is anticipated that this year's tour will attract more tourists than last year and "if apples are to be provided for the tourists to eat "we need more," Pitzer said. He asked growers with apples on hand to notify him.

The fruit growers conducted a minute of silence in memory of three members, Martin Slade, Willis Beldier and Dwight Strausbaugh, all of whom have died since the last meeting.

FOUR DRIVERS USE TEST CAR

Using a specially equipped car in a safe driving demonstration sponsored by the Driver Education department of the Gettysburg High School, four drivers showed a student audience the distances a car covers at various speeds while a driver is trying to stop it in an emergency.

First driver was George Glenn Jr., a junior at the school. Wenzel Morris, safety engineer for Nationwide Insurance riding with Glenn, fired a paint torpedo when the car was traveling at 20 miles an hour. That was the signal for Glenn to stop the car which he accomplished in 31 feet nine inches. The car traveled 13 feet in Glenn's "reaction time" and 18 feet nine inches after he hit the brakes.

Madeline Pensinger, also a junior, went through the same test and stopped in 30 feet seven inches.

Miss Susan Wentz, high school librarian, drove the car at 30 miles an hour and stopped in 81 feet five inches. Allen Gray, driver safety teacher at the school, drove at 40 miles an hour and stopped in 111 feet two inches.

"Just forget this business of stopping a car on a dime. It just can't be done. Let's drive at a speed that is safe for conditions. Look ahead, anticipate danger and avoid quick stops. This is the real key to safe driving," Morris said.

Out Of The Past

From the Files of the
Star and Sentinel and
The Gettysburg Times

FIFTEEN YEARS AGO
Heaviest Snowfall Blankets County: Residents of Gettysburg and Adams county were today digging themselves out from under the heaviest 24-hour snowfall in the history of Gettysburg weather records.

The Palm Sunday snowfall reached depths of from 15 inches in southeastern Adams county to a peak of 40 inches on Big Flat, atop the South Mountains west of the Narrows. The average depth around Gettysburg was 24 inches.

The two-foot blanket of snow paralyzed traffic; brought down telephone, telegraph and electric lines; upset Palm Sunday service attendance of county churches and kept many a new spring outfit from making their scheduled appearances.

Eight Men And Boy Of Nine Are Snowbound On Big Fat: 7 Trek 8 Miles In 11 Hours: Eight men and a nine-year-old boy had a trying and hazardous experience on Sunday when they found themselves snow-bound at their hunting camp on Big Flat about ten miles above Arentsville.

Before they finally reached the safety of their homes late Sunday afternoon all nine had trudged four miles in forty inches of snow and seven of the eight men trudged an additional four miles before a rescue party reached them with a tractor and a four-wheel trailer and carried them into Arentsville, almost exhausted from their eleven-hour ordeal.

The party comprising Charles, Harvey and William Raffesberger, Ernest Bushman and his nine-year-old son, Danny, Mervin Stoner, Clyde Allison, Alton Wierman and Edward Schlosser had gone to old Camp 18 on Big Flat Saturday afternoon to spend the weekend. Saturday evening the party was joined by Richard Cole and Sheriff Daniel Wolff, of Gettysburg, and Melvin Warren, of Arentsville.

Snow started falling on Big Flat sometime Saturday afternoon, the sportsmen reported, and at eleven o'clock Saturday night the latter three men started for home. They encountered considerable difficulty, but managed to weather the storm. At 6:30 Sunday morning the eight men and the boy who spent Saturday night in the camp awakened to find themselves snow-bound. They decided to start for home. They traveled 25 yards and found that despite chains their cars could not travel further.

At the old Martin Farm, tenanted by a Mrs. Gantz, Clyde Allison and Danny Bushman stopped. Mr. Allison remaining there with young Bushman while the rest of the party continued on their homeward way. Sunday morning Sheriff Wolff concluded the men on the flat would need some assistance. He finally reached Arentsville after battling the deep snow for several hours. From Arentsville he started out for Camp 18 with a tractor and four-wheel trailer. At Bridgeport, two miles from Arentsville, he met the party practically exhausted and leg weary from their long and difficult trek down the mountains in forty inches of snow.

Roof, Walls Of Foundry Crash Under Heavy Snow: The roof and sections of the walls of two wings of the plant of the Littlestown Hardware and Foundry company collapsed Sunday evening with consequent damage to the building, machinery, tools, finished hardware and thousands of packing cartons that will amount to more than \$15,000, company spokesmen said.

Missionary Is Home After 33 Days' Journey: An Adams county native who has been a Lutheran missionary in India for the last 17 years, returned to Gettysburg with his wife and five children this week along with 505 refugees from the Far East aboard a Navy transport ship.

The Rev. Luther Walter Shifer, 47, a native of Idaville and alumnus of Gettysburg college and seminary here made the voyage with his wife, the former Matilda Anderson, and five of their seven children.

Henry T. Bream Is Operated Upon: Henry T. Bream, head coach of football at Gettysburg college, was operated upon Friday morning

Today's Talk

LIKE THE MILLIONS
AND MILLIONS

There is an affinity among human beings that is universal. Each one of us has something of someone else within us that is characteristic of all. Like the millions and millions, we have something in common, and here and there a genius adds sparkle to the many.

We all love, sorrow, strive, enjoy and dream. We love beauty and the things of wonder in this best of worlds about which we know most. We strike harmonious chords of interest and stir our imagination and hopes. We learn of both the good and bad among others, but by learning the best we climb that much higher!

O. Henry wrote about the submerged millions, but even to them we have a relationship. All humanity is something to which each of us is tied to some extent. That is why there is such a response from us all when there is some need among others caused by tragedy or misfortune. A related blood flows among the millions and millions.

This kinship is what helps to make us humanly responsive and helpful whenever and wherever there is a call for aid and succor. We think the thoughts of the millions. They feel their hurts and disappointments the same as we do. Experience and expression are universal among us. None of us is far apart from others. The response to kindness is as true with an animal as a human being.

All of us at times are touched with loneliness. The rich know it as truly as the poor. We cannot get away from the universal experiences of the mind or heart. There is a God within us all. Even babies look alike, act alike, and grow alike. We are like the millions who suffer, enjoy themselves, strive, and die.

Tomorrow Mr. Adams will talk on the subject: "The Power of the Smile".

SEASON'S PARADE

The sun began to dance about. The daffodils at once came out. The purple crocus felt it pass. And it came peeping through the grass.

And whoso'er I walked, I'll swear, All things below had charms to spare.

Where there had been a silence deep All living things began to leap. The robins sang a carol gay. That wintertime was on its way. Small shoots of green, as oft they will.

Jumped up to shout: "We're living still!"

Like newly regimented troops. Some living things came out in groups. And plainly said: "With sun and rain We'll soon begin to bloom again; In time, if you will patient be, We'll give you lovely things to see."

Oh, what a tumult's going on. Man's eyes may never look upon. Beneath the ground, aroused from sleep. The children tulips again leap. Though linger long the winter may. 'Twill never see a summer day.

Man sees the seasons come and go. But summer, winter cannot know; It has to pack and move away. And give its place to gentle May. And may herself will give her room. So that the rose may bud and bloom.

In nature this is how it goes: The tulips gay precede the rose. And when the summertime has gone. The autumn blossoms follow on. From spring to fall, in sun or shade. There is a constant gay parade. Copyright, 1957, by Edgar A. Guest

WHEN A NEWSPAPERMAN CRIED

By BILL CUNNINGHAM

Columnist, The Boston Herald

We're all familiar with the gently emotional souls, mostly feminine, who say they always cry at weddings, but don't know why.

Well, I'm one who, not too long ago, saw a whole church full of people crying at the end of a wedding, and everybody knew why.

In fact, I was one of them, and I'm no gently emotional soul.

The wedding was performed two years ago last June, the traditional month, and in the traditional way, in the pretty little Episcopal church at Hyannisport on Cape Cod in Massachusetts.

The groom was a handsome young businessman from Ohio. His name was Bill Frisby. The bride was a pretty Korean War widow, Betsy Burch Wright, daughter of a prominent family of the neighboring Cape Cod metropolis, Hyannis.

Called To Service
But, to get the full picture, it's necessary to go back...

As the Korean trouble was making up, Jack Wright, a native Midwesterner and a crack fighter pilot in World War II, was called back into the service at Otis Field on Cape Cod for combat repooling.

There on the Cape, he met, wooed, and won the pretty and popular Betsy Burch. They were married in quite an elaborate wedding.

It was not much more than over, however, before his 58th Fighter Squadron was transferred to Roswell, New Mexico, and then shortly across to combat in Korea.

Killed While Strafing
The 58th plowed into the thick of the fighting. And on April 2, 1951, Jack Wright was killed in a strafing run near Pusan.

This gallant young officer saw his baby son, Douglas, only twice — once when he was six days old and again when he was a veteran of nine weeks. But practically everybody in Hyannis came to know and love little Dougie in the months and years that passed.

About three years ago a young — well, he's in his mid-thirties — business executive of Canton, Ohio, Bill Frisby, drove his parents

"CHOOSE RIGHTEOUS LOVE"

It's great to love and to be loved... love is a priceless treasure... which brings mankind contentment and... the finest kind of pleasure... It has been said and rightly so... loves makes the world go round... so wonderfully profound... love is the key to happiness... without it we are lost... drifting on life's stormy sea... chilled by a lonely frost... love is and always will be... mankind's endearing friend... near at life's beginning... and with us till the end... still with its lofty attributes... love can promote much harm... for it's a gay deceiver with... a most appealing charm... so when you search for its caress... seek guidance from above... your fate depends on choosing well... a righteous kind of love.

Nobody had to wonder long, however, because when that point was reached, the groom suddenly stopped, gave his new wife a fond smile, a squeeze of the arm, and stepped into the pew where he held his arms out to Dougie.

SAYS TOP JOBS IN U. S. EDUCATION AWAIT WOMEN

By JIM THOMAS

SAN FRANCISCO (AP)—Some of education's best paid jobs open to women are going begging because of a lack of people trained to fill them.

M. Eunice Hilton, president of the National Assn. of Women Deans and Counselors, declared today.

"There never has been a time in the history of education when women administrators of intelligence, wisdom and skill were needed more in our schools and colleges," Miss Hilton said in her president's address opening the 37th annual convention of the NAWDC.

Newer More Important Role
She is director of the graduate training program in student personnel at Syracuse.

"The role we should play in relation to women in education was never more important than it is now, when women's role in society is undergoing dramatic changes and education of women again is on trial," she said.

"Once it could truly be said that the average woman's career ended when she married and began to raise a family."

TEBBETTS IS
PUSHING HIS
PITCHERS HARD

By ARNOLD ZEITLIN
The Associated Press

Birdie Tebbetts, named the National League's Manager of the Year in 1956 for steering his Cincinnati Reds to third place, is pushing his pitchers harder than any other manager in an attempt to break away fast this season.

He sent a Redleg pitcher the full nine innings yesterday for the second time since the spring exhibition season started earlier this month.

Left-handed Joe Nuxhall eased past the Philadelphia Phillies 5-2 at Clearwater, Fla. Nuxhall, a big "if" in Redlegs' plans since he was 16, allowed four hits. Johnny Klippstein pitched a complete game last Friday as the Redlegs edged Detroit 2-1.

Red Sox Win

In other games, the Boston Red Sox whipped the Chicago Cubs 5-3; the Milwaukee Braves scored two in the 10th to beat the Yankees 6-4; the Baltimore Orioles edged the New York Giants 5-4; the St. Louis Cardinals battered the Chicago White Sox 7-4; the Kansas City Athletics defeated the Pittsburgh Pirates 7-3; and the Brooklyn Dodgers beat the Washington Senators 8-3.

Frank Sullivan hurled seven innings — the longest effort of any Red Sox pitcher — and scattered five hits to earn the victory over the Cubs.

Red Murr, 35-year-old Milwaukee reliever, doubled, home two runs in the ninth against the Yankees to win his own game.

Jump On Pierce

Bob Nieman hit a two-run homer in the ninth to supply the Orioles with the winning margin against the Giants.

The Cardinals hopped on Billy Pierce, a 20-game winner last year for the White Sox. They scored six runs in the first three innings against him to gain a lead they never lost.

Lou Skizas hit a double, single and three-run homer to lead the Athletics to a 7-3 victory over Pittsburgh.

Carl Furillo, Don Zimmer and Don Demeter provided the home runs as the Dodgers handled the Senators roughly.

SPRINGERS COP
OPENING GAME

Al Billett's York Springs High School baseball team got off to a good start in defeating Lower Chancelford 5-3 Thursday afternoon at Kyleville.

The Springers scored three times in the first inning which was featured by a two-run double by Dick Cashman.

Two errors and a double by Bob Weigle added two more runs for York Springs in the third.

Lower Chancelford tallied twice in the first inning when Ken Tomlinson singled, the only hit for the York Countians, to drive in two runners.

Bill Weigle, Marlin Tate and Bob Weigle divided the hurling for York Springs in that order.

Next Thursday York Springs meets Delone at McSherrystown.

NEW PRO GRID
LOOP MAY BE
FORMED APR. 6

BALTIMORE (AP) — A meeting veiled in secrecy will be held in a Baltimore hotel April 6 in an attempt to organize a new professional football league.

Millard T. Lang, who proposed a United States Football League, Inc., said enough representatives would be present to insure league operations in 1958.

But Lang declined to say who would be present or how many cities would be represented. He said the meeting would be a closed affair.

16 Majors Invited

Lang, a 44-year-old Westinghouse Electric Corp. official, announced Feb. 15 that he had invited majors in 16 cities to help organize the league.

He envisioned a professional brand of football more closely paralleling the college game than the platoon system in vogue in the National Football League.

The plan called for a Northern division composed of New York, Baltimore, Buffalo, Minneapolis, Milwaukee, Boston, Cincinnati and Detroit, and a Southern division of Miami, New Orleans, Atlanta, Louisville, St. Louis, Kansas City, Houston and Dallas.

SPORTS IN BRIEF

By THE ASSOCIATED PRESS

GOLF

WILMINGTON, N.C. — Dow Finsterwald shot a 6-under-par 66 for a three stroke lead over Dutch Harrison and Mike Souhak in the first round of the Azalea Open.

SWIMMING

CHAPEL HILL, N.C. — Fritz Myers of Michigan nipped Yale's Ray Ellison with a 19:42.4 to win the 1,500 meters in the NCAA championships.

RACING

MIAMI, Fla. — Gordon Gilson, champion rider of 1949, scored with Mighty Chief (\$27.30) against a field of former top winners in the race of champions at Gulfstream.

BOWIE, Md. — Will of A 11 a h (\$3.40) won by a neck over Irish Cheer in the top event at Bowie.

Jack Myer Shows
Well Against Reds

CLEARWATER, Fla. (AP)—Manager Mayo Smith of the Philadelphia Phillies took another look today at pitcher Jack Myer after the righthander showed signs of coming back to his old form.

Smith told Myer last week he was in danger of being sent back to the minors after two years in the major leagues unless he improved. Against the Cincinnati Redlegs yesterday, Myer, who has been sidelined with a sore arm, gave up only two hits and one unearned run in his three-inning mound stint.

Myer was bombarded in his only other exhibition appearance, against Pittsburgh in the Grapefruit League opener March 9.

20-1 SHOT WINS
GRAND NATIONAL
STEEPLECHASE

AINTREE, England (AP)—Sundew a 20-1 shot, took an early lead and stood off all challenges today to win the 11th running of the Grand National Steeplechase.

Wyndburgh, the youngest horse in the race, was second and Tiberetta was third.

E.S.B., winner of the four-mile 856-yard test in 1956, made a strong finishing spurt but failed.

Sundew won by eight lengths before a crowd of 150,000, including the royal family and U.S. Ambassador John Jay Whitney.

Thirty-five jumpers started the race in a light drizzle with the footing good.

Wyndburgh was six lengths ahead of the third place Tiberetta. Glorious Twelfth, one of the favorites, was fourth.

Favorite Out Of Money
Goosander, the 5-1 favorite in a race where few favorites have won, finished out of the money—

as did the two American-bred entries, Virginian, an 8-year-old chestnut owned by Raymond R. Guest, and Monkey Wrench, owned by Mrs. John F. Bryce.

Virginian fell at the first jump. So did Hart Royal, one of the heavily backed favorites.

The victorious Sundew, ridden by the veteran jockey Fred Winter, carried 161 pounds.

It was the third try for the winner, who fell on hurdles both times in 1955 and 1956.

Today he stumbled once at the 24th hurdle, known as the Canal Turn, but righted quickly.

The winner is owned by Mrs. Geoffrey Kohn, who received \$24,831. Wyndburgh, a 25-1 shot, won \$3,000 for second place, and Tiberetta, a 66-1 bet, drew \$1,500 for third.

Providence and the Americans move to Rochester for the third game of their series tonight. The Bears and Barons are idle until Saturday when they meet at Hershey.

The Barons tallied twice in the opening period on goals by Steve Krafcheck and Fred Glover and never were headed. Midway of the last period, Duncan Fisher reduced the margin to 2-1 and added another after Krafcheck had come up with his second goal. The final Cleveland came in the final minute when Hershey withdrew its goalie and Cal Stearn fired the puck into the empty net.

When Arizona became a state in 1912, it had only 200,000 population.

OKLAHOMA GOES
AFTER 3RD U. S.
MAT TITLE TODAY

PITTSBURGH (AP) — Oklahoma goes after its third National Collegiate wrestling championship today with perhaps the greatest wrestler of all time spearheading its title bid.

The big man for the Sooners in the NCAA meet at Pitt Field House is Dan "Homicide" Hodge, a bruising 177 pounder undefeated in 42 collegiate matches. He'll be gunning for his third straight NCAA title.

Hodge, twice a U.S. representative in the Olympic games, not only is a prohibitive favorite to retain his 177 pound crown but is expected to repeat last year's feat of pinning every opponent. So far he's done it 11 times this year.

Have Roessler, Too
Besides Hodge, the Sooners—who won the title in 1951 and 1952—also have Gordon Roessler, the defending heavyweight king; Dick Delgado, twice national AAU champion and fifth place winner in the Olympics at 115 pounds; and twice NCAA runnerup Bobby Lyons in the 130 pound class.

With such a wide-spread offensive that also includes 167-pound Big 7 champion Rex Edgar, the Sooners rank solid favorites to succeed Oklahoma A. & M. NCAA winner the past three years.

Top competition is expected from Penn State. Eastern champions; Pitt and the Big 10 conference titleholder Minnesota.

Pitt, third last year, will be led by Ed Peery, 123-pound son of coach Rex Peery, who seeks to follow in the footsteps of his father and brother Hugh by becoming the family's third triple NCAA champion.

Pitt also has strong challengers in Bill Hulings, last year's 115-pound runnerup; Vic DeFelice third at 130; and Eastern champion Dave Johnson at 167.

Penn State, victors over Pitt in the Eastern competition, will hinge its title bids on Sid Nodland at 123; Johnny Johnston at 130; John Pepe, third last spring at 137; and Dave Adams, 1956 runnerup at 147.

The field of 260 individual entries, representing 64 schools, will start preliminary rounds at 1 p.m. (EST) with an evening session at 8 o'clock. The same schedule applies tomorrow.

Logart is ranked second to former champion Tony DeMarco in the contenders' list and his manager, Eddie Mafuz, has offered \$50,000 to welterweight champion Carmen Basilio for a championship contest.

A loss to Turner could ruin, or at least delay, Logart's title fight hopes. Turner was a 13-10 favorite the first time.

"I beat Turner before and I know I can do it again," said the Cuban. "Sure, I want Basilio, and my manager has the money to put up, but I cannot remain idle. And if I win good, the public will back my fight for the right to meet Basilio."

**ONE - HANDED
PLAYER MAKES
TITLE CONTEST**

NEW WILMINGTON, Pa. (AP)—Austin Cyphers plays basketball just as if he had two hands.

Young Cyphers was born with his right arm ending just below the elbow. The handicap, however, didn't prevent him from realizing a childhood dream, to play varsity basketball on a high school team.

Fans who attend tonight's Class B Pennsylvania Interscholastic Athletic Assn. championship game at the Westminster College fieldhouse won't be seeing an illusion when Eastern titlist Fountain Hill takes the floor. The hard working 18-year-old Cyphers has accomplished the improbable — won a varsity basketball letter with one arm.

"An Inspiration"
Fountain Hill of Bethlehem is defending its class B title against the challenge of Shannock Valley, Western champions.

The six foot Cyphers shoots from the left hand corner, steadying the ball on the end of his shortened right arm and getting off a push shot. He handles free throws with the same method. As for his regular floor game, teammates pass him the ball just as hard as they do to each other and expect as much from him.

Coach Charley Dubbs, who admits he was skeptical about the possibility of a one-armed basketball player making his team, but who took the time and had the patience to work with the boy, now is the lad's biggest booster.

"He's an inspiration to the team. And it's merely because he overcame the handicap," Dubbs says.

Predicts 2 Per Cent Sales Tax If Leader Vetoes Bill

HARRISBURG (AP)—House Speaker W. Stuart Helm said Thursday the amendments now on Gov. Leader's desk are the extent of sales tax action that will be taken by the Republican Legislature.

"If the governor wants to veto those amendments, he is going to have a 2 per cent sales tax on June 1 as far as I'm concerned," he said.

The present 3 per cent sales tax will fall automatically to 2 per cent unless a law is enacted between now and May 21.

Helm, taking the position assumed by other Republicans, said he doubted the governor would veto the measure despite the new exemptions that would be given to manufacturers, public utilities and shippers.

Ask Reconsideration
The governor asked the GOP leadership to recall the amendments which he said "smacks of greed and tax dodging." Helm said there was no chance the GOP would do so.

Helm joined with Sen. Rowland B. Mahany, GOP floor leader, in fixing May 31 as a tentative date for final adjournment of the 1957 legislature.

A recess is planned during the week prior to Easter Sunday which falls on April 21.

"I don't see why we can't get out by then or even earlier," Helm said.

Asked what he thought the GOP course should be should Leader reject the sales tax amendments, he replied:

"He'll have to live with a 2 per cent sales tax."

Will Upset Budget
The cutback in the rate would throw the commonwealth's budget for the next two years into a cocked hat. It would mean a revenue loss ranging between 120 and 170 million dollars.

The governor has kept silent on the possibility of a sales tax veto urged by labor leaders and Sen. John H. Dent, Democratic floor leader.

He will be sounded out on this point by newsmen at a news conference late today.

The governor has until April 4 to make up his mind about a sales tax veto. Also on Leader's desk are a series of measures to raise nearly a billion dollars from existing taxes in the next two years, ranging from those on corporations to others on cigarettes and real estate transfers.

Leader also must decide what to do about the gasoline tax which

the Legislature has voted to reduce from six cents to five cents a gallon starting June 1.

Rep. Francis Worley (R-Adams) the only Republican recorded against the sales tax amendments in the House, said he voted for all other tax measures in the Republican 1957 "no-new-taxes" revenue program to renew a group of existing taxes. Worley made the statement in denying a previous report that he has not voted for a tax bill in the last two sessions.

NEW TURNPIKE BILL REPLACES SALARIED BOARD

HARRISBURG (AP)—The present salaried Pennsylvania Turnpike Commission would be replaced by a non-salaried board under new legislation before the House.

The measure, introduced in support of Gov. Leader's recommendations that the commission be replaced, would establish the Pennsylvania Turnpike Board.

The seven members, as proposed in Wednesday's bill, would have authority only to administer the turnpike system and not to extend it. Five laws providing for new construction would be repealed.

The bill was introduced by Reps. Albert S. Readinger, Democratic floor leader, and Anthony Petrosky (D-Westmoreland).

Other new House bills would: Direct the superintendent of public instruction to make an annual report to the State Council of Education or teacher education programs — McCann (D-Greene), Buccini (D-Northampton).

Authorize school directors to set any opening and closing hours for the school days if they meet minimums established by the State Council of Education—Boies (D-Allegheny, McCann).

Authorize the Fish Commission to sell to Bucks County for \$1 Silver Lake in Bristol Twp.—Kooker (R - Bucks), Keller (R - Bucks), Brennan (D-Bucks).

Establish a farm and home safety education division in the Public (R-Lehigh), Snider (D-Fayette).

The Seattle Metropolitan (1917) were the first American hockey team to win the Stanley Cup.

WILL DISCUSS TERMINATION OF H-BOMB TESTING

LONDON (AP)—The controversial issue of ending H-bomb tests was laid before the U.N. disarmament subcommittee Thursday.

Soviet delegate Valerian Zorin, taking his cue from the Kremlin, demanded at a closed meeting Wednesday that the question be placed at the top of the agenda, informed sources said. The four Western members of the committee reluctantly agreed.

"We felt the disarmament talks would have a better chance of making progress if we began in the field where we're closest to agreement," a highly placed observer said.

Talks Were Smooth
The Western powers on the subcommittee—Britain, France, the United States and Canada—wanted to start off in the field of conventional armaments.

Until Wednesday, the week-long talks had proceeded smoothly through a general discussion of various disarmament plans advanced by Russia and the West.

Zorin's proposal obviously stemmed from a new declaration by the Soviet Foreign Ministry Tuesday that Russia would immediately halt nuclear tests if Britain and America would do the same.

Britain and the United States have said the tests will have to continue until some comprehensive agreement, presumably including inspection and enforcement, is reached.

SEEK TO OFFSET STAR TESTIMONY

LONDON (AP)—Defense counsel for Dr. John Bodkin Adams has launched a move to discredit the testimony of a star prosecution medical witness who asserted Adams' treatment of a rich woman patient showed "murderous intention."

Adams, 58, is accused of fatally drugging the 81-year-old woman, Mrs. Edith Alice Morrell, to share in her estate.

Testifying for the prosecution, Dr. Arthur H. Douthwaite, senior physician at London's famous Guy's Hospital, was asked yesterday for his opinion of the massive doses of heroin and morphine

that Dr. Adams prescribed for Mrs. Morrell.

"The only conclusion I can come to is—that the intention was to terminate her life," Dr. Douthwaite said.

The defense Thursday offered medical records to show Mrs. Morrell was given nightly injections of morphine in Cheshire even before Dr. Adams took her case.

Chief defense counsel Geoffrey Lawrence asked the prosecution expert whether the "field of condemnation that you are spreading from this witness box" includes the doctor who treated Mrs. Morrell before Dr. Adams took the case.

"If that treatment was for the stroke, yes," replied Dr. Douthwaite.

"Good gracious me," exclaimed the defense attorney.

WASHINGTON (AP)—Sen. Clark (D-Pa.) yesterday introduced a bill providing for the building of 200,000 more units under the federal housing program in 1958-59. The measure also would permit local housing authorities to increase the construction cost allowances by \$250 a room.

IKE TO MAKE APPEAL FOR FOREIGN AID

WASHINGTON (AP)—President Eisenhower reportedly plans a direct personal appeal to congressional leaders for bipartisan support of his beleaguered \$4,400,000,000 foreign aid program.

Sen. Knowland of California, the Republican leader, said he expects Eisenhower to call a White House conference in advance of submission of a special foreign aid message in the next two or three weeks.

Eisenhower told his news conference Wednesday that "there are no dollar today that are being spent more wisely than the dollars we put in foreign aid." He held out against any substantial reductions, although he said some small savings could be made in this field.

Eisenhower's appeal for bipartisan backing appeared likely to

IMPOSSIBLE TO TURN SUEZ INTO AN IDLE DITCH

By WILTON WYNN

CAIRO (AP)—Western governments will find it virtually impossible to turn the Suez Canal into an idle ditch by building more pipelines and supertankers.

Military, diplomatic and economic pressures have not shaken Egyptian President Nasser's grip on the strategic waterway. Some Western leaders are advocating all-out development of alternative routes to minimize Nasser's ability to blackmail the world through his control of the canal.

Three Schemes
So far, three schemes have been proposed:

1. A pipeline through Turkey to the Mediterranean for oil from Iraq, Iran and the Persian Gulf.

2. Pipeline across southern Israel from the Gulf of Aqaba to the Mediterranean.

3. Building more supertankers so large they can take oil around Africa as cheaply as conventional tankers haul it through the Suez.

Busy For Years To Come
But the Western demand for Middle Eastern oil is increasing as such a pace that even with this competition the Suez Canal will be a busy trafficway for many decades to come—at least until atomic energy begins to play a major role in powering industry.

Even without the threat of hostile Arab action, some alternative routes must be developed over the next decade to prevent the Suez becoming a bottleneck, unable to cope with heavily increasing traffic.

Oil shipments from the Middle East to the West are expected to double in the next 10 years. In 1955, last full year the canal was in operation, 110 million tons of Middle Eastern oil went to the West. By the late 1960s this is expected to increase to over 250 million tons.

WASHINGTON (AP)—The Communications Commission has asked for comment to be submitted by April 30 on these proposed Pennsylvania TV channel changes it is considering:

By Channel 71 station WTPA, Harrisburg, to transfer Channel 33 from Reading to Harrisburg; and by Channel 49 station WNOV-TV, York, to shift Channel 3 from Reading to York.

Jedgar Ruler, a 3-year-old race horse, was named for FBI Director J. Edgar Hoover.

find most of the congressional leaders committed in advance to making far deeper cuts in funds requests than the President could accept voluntarily.

COUNTERPANE CATHEDRAL

There was a man who had stopped going to church because, he said, "Church doesn't make me feel any nearer to God."

One night he stepped into the children's room to kiss them good night. And suddenly he felt as though he were in church. There was a pillowed altar and a devout congregation in prayer. Yet he didn't feel any nearer to God.

And in that moment he learned the truth that every soul must learn; religion is not some outer force that brings God close to a man. Religion is man's inner yearning which reaches up and discovers how near God is.

And so, from the example of his children, he learned how to find the faith which had eluded him. And, finding it, he returned to church to share with other Christians the rich experience of worship . . . to receive the spiritual gifts of Word and Sacrament . . . to serve Christ in the vital, challenging work of the Church.

He knows that in church—or in a moonlit nursery—God is near those who want Him near!

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible, daily.

THE LAST JUDGMENT

Matthew 25:31-46

Key Verse: The King will answer them, "Truly, I say to you, as you did it to one of the least of these my brethren, you did it to me." Matthew 25:40.

Fifty years or more ago many church goers were treated to sermons about "hell and brimstone"—the future lot of those who were condemned to reside in Satan's abode. These sermons may have been delivered in all sincerity to worshippers sitting comfortably and composedly in their pews; they were intended to disturb and even to frighten their hearers. But people cannot be scared into living a better life. They may change their conduct but the motive is fear rather than love of God.

Most of us have been reared in the Christian tradition, believing that if we love God and obey His commands, we need not fear Him. Of course that does not rule out the righteous wrath of God which may be directed against our generation for having neglected to correct certain social conditions which cause continual strains in international relations. No one person is responsible for such existing evils and as individuals, we believe we will not be held accountable.

Not An Imagination

The last judgment is no figment of man's imagination. Jesus made this very clear as He sat with His disciples that last Tuesday on the Mount of Olives discussing it, the Second Advent, and the Day of the Lord. He gave the setting for the final judgment in Matthew 25: 31-32, describing the Son of man seated on the "glorious throne" surrounded by all the angels. Seated before Him will be the nations or people to be judged, to be divided as sheep and goats, the former to be later seated on His right. He will divide them as a shepherd separates his flock. There we must eventually stand either to be commended or condemned.

In His story of the last judgment Jesus warns of the fact that it is inevitable that a right relationship with Him is necessary. Added to that is the importance of having right motives when doing good deeds and the need for us to mend our ways so that we may be included among the righteous.

God's verdict about us is based on a test—whether or not we have shown love and kindness to our fellow men, for, if we have served them faithfully, our good deeds will be considered as a service to Jesus Himself. As one of the lesson authors has stated it, "we are judged by whether we do or do not do." Many have received Jesus' condemnation simply because they did nothing. This is the same indifferent attitude which many people have today. It is lack of doing rather than wrong doing.

People Who Do Nothing

There seem to be four kinds of people who do nothing, illustrated by several parables in Matthew 25: (1) Those who do nothing because they want to be secure and safe, like the man with one talent who buried it for safekeeping; (2) those who do nothing because they are fundamentally careless, such as the foolish virgins who failed to make proper preparation and fill their lamps; (3) those who do nothing because they are stubborn, such as the son who promised his father to go but who wilfully neglected to do so; and (4) those who do nothing because they lack concern about their neighbors, as the priest and Levite in the parable of the Good Samaritan. They were supposedly the religious ones, but ignored a man in trouble and passed by on the other side.

Which leads us to the assumption that those who are condemned are not necessarily thieves, murderers, and evil doers who would be

\$500,000 FIRE BURNS 6 HOURS IN YORK TODAY

YORK, Pa. (AP)—A half-million dollar fire swept a block of stores in the York business district today.

The damage estimate was made by Asst. Fire Chief H. Raymond Linton.

The six-hour fire virtually destroyed two brick buildings of three floors each and damaged the adjoining five-story Brooks Hotel.

Seven firemen and policeman were treated at York Hospital for slight injuries or smoke fumes.

Oscar M. Kramich, owner of the International Jewelry Co., occupying one of the buildings, estimated the damage to that building and contents at \$250,000.

The other building was owned by the Albert M. Greenfield Co., Philadelphia, and was occupied by Gables' Household Appliance Shop and a restaurant, with other offices on the upper floors.

Kramich said his estimate of the damage included a large shipment of jewelry received for the Easter trade.

Some 45 guests at the Brooks Hotel were roused from their sleep and left the hotel quietly. The damage to the hotel was limited mostly to smoke.

Firemen said they believed the blaze originated from an undetermined origin in the basement of the building occupied by the restaurant.

The entire York fire department, with all its equipment, responded to the general alarm. The fire, which broke out in the early morning hours, was brought under control after a six-hour fight.

The buildings are located in the 100 block on S. George St., a half block from Continental Square, where the heart of the business district is located.

Amend Bylaws
On motion of Dr. Harold Dunkelberger, chairman of the bylaws revision committee, the association adopted three amendments to the bylaws which will not become effective until they are approved by the state PTA. The amendments add a parliamentarian and a historian to the list of elective officers and make the local president of the PSEA, the superintendent of schools and local members who are county, district, state or national officers, members of the executive board of the local PTA.

The next meeting will be held April 25 with the election of officers on the agenda. Members are urged to attend a district meeting.

Cohen, associate justice of the State Supreme Court, is located nearby. The fire did not spread that far.

New Jaycee Officers

New officers of the Gettysburg Junior Chamber of Commerce were photographed after their election at a meeting Thursday evening. They are Richard E. Bruce (left), new internal vice president; Magnus Flaws Jr. (center), new president; and Fred H. Attinger, named external vice president.

at Selingsgrove May 4. Twenty-seven delegates may go.

Announcement was made also of the dinner meeting by the county PTA council at Arendtsville April 11 when William C. Darrah will speak of the annual county child welfare dinner meeting April 5.

Mrs. Tilberg's Room Wins
Parents registered as they arrived at the meeting and it was announced today that the \$5 attendance award for the meeting went to the Third grade room taught by Mrs. Reida Tilberg at the Keefeauver school. That room had the highest percentage of parents in attendance.

It nosed out the First grade room taught by Mrs. Rebekah Fox by one point. The Sixth grade room taught by Mrs. Barbara Schadel won last month and spent its \$5 for books.

Miss Elizabeth Rutledge, special education supervisor for the county; Mrs. Shirley Lemon, special education teacher at Fairfield, and Miss Alma Miller, special education teacher at Biglerville, were the members of the special education panel.

Mr. Riegel reviewed the development of the special education program in the public schools for the last 40 years. Miss Rutledge, who said there are six special education classes in the county now, told the PTA that a school survey last showed the need for five classes in Gettysburg schools. She expressed the opinion the day care center here should be housed in a public school building.

Treasurer Has \$349
Mrs. Lammon said emphasis is placed on good grooming in her special education class to make those pupils more like the other pupils. She described the academic and craft work they do. Miss Miller, who has 19 pupils ranging in age from 8 to 13 years in her class, teaches reading at three levels to those pupils, places emphasis on academic subjects but makes extensive use of craftwork. She displayed some of the work of her pupils.

The opening devotions were conducted by Mrs. Richard Smith and Mrs. Paul Reaser. The treasurer's report, read by Mr. Feather, showed \$116 cleared from the "This Is Your Life" program and a current balance of \$349. Letters of thanks were read from Mrs. Arthur Rice for the baby-sitter training course and from Lloyd R. Hartman, whose life was reviewed in the "This Is Your Life" program. Poems honoring mothers were read by Mrs. Frank N. Hewitson.

There were refreshments served after the meeting in the school cafeteria. There were two hours of movies for children during the PTA meeting.

Pa. Salk Vaccine Supply Dwindling
HARRISBURG (AP)—Dr. Berwyn F. Mattison, state secretary of health, said today the supply of Salk polio serum is "gradually dwindling" in Pennsylvania, but there is enough on hand for the state's program for several weeks.

He said the serum manufacturers have not been able to meet demands during the last few weeks. Serum manufacturers expect to start shipping more of the vaccine early next month, he added.

Alaska still produces about 8 million dollars a year in gold.

EMMITTSBURG—Miss Doris Dorsey, visiting teacher of Frederick County, was the guest speaker at the monthly meeting of the Emmitsburg Parent-Teacher meeting Wednesday evening in the school cafeteria.

Miss Dorsey told of her duties as visiting teacher and the problems she deals with in the schools. When the teacher and principal are unable to cope with a problem child in the school Miss Dorsey confers with them and in turn visits with the parents. She said her problems "Often deal with school attendance," and she pointed out, "You can't always blame the child for not wanting to attend school, that problem often is rooted from some situation with the child's home and his surroundings." She cited two examples of such a problem.

Mrs. John Richards presided over the business meeting. The next meeting will be held Wednesday, April 24, in the high school.

The boys' 4-H Club met Wednesday evening in the American Legion Home. Thomas Wilhide presided.

Each boy told about his project and why he chose it.

Teens Share
Adult Ideas
In Fashions

Teen fashions have come of age. No longer merely hinting of grown up styling, this spring's teen-age fashions frankly borrow the latest and best of adult fashions.

Blouses, capes, the Dutch Boy look — all are appealingly adapted to compliment the teen-age's youthful figure. All make up the teen-age spring look — the slim, yet soft, silhouette.

Suits and coats in particular, notably reflect the fashion maturity of spring styles for teens. For suits, the box jacket is still a favorite, but this spring it is softened by back blousing and made more interesting by other back details such as self-fabric bows, banding or tabs.

Dutch Boy Look

One of the newest suit silhouettes is the Dutch Boy look, featuring a slim but rounded skirt. Another popular teen style, the pleated skirt, is achieving more and more fashion notice — particularly for dressier suits.

Capes—small detachable shoulder capes or waist length capes, substituted for suit jackets — play a fashion-prominent role.

Like suits, the teen coat line is basically slim, but a softness is obtained by the new and important — and usually detachable — shoulder cape. The full-length cape coat is another fashion "steal" from the

grown-ups, giving the teen a pretty, sophisticated look.

Adding to the grown-up charm of teen coat and suit fashions are the "silly look" fabrics — silk and wool mixtures and silky weaves. Important too are flannels and worsteds. Subtle colors — the beige and grey tones, navy and pastel tweeds — add further to the over-all look of sophistication.

New Spring Styles

Teen dresses also lend themselves easily to the new spring styles. The line is slim with back blousing to lend a high fashion note of softness.

Topped by caraco jackets, blouses shoulder capes, or dusters, the dresses add up to pretty teen-age ensembles. A favorite — the classic or sassy shirtwaist dress — is now available in virtually every fabric and goes to any casual or dress-up occasion.

Silk and silky textures come into spring fashion prominence, joining such teen favorites as organdies and cottons. Pastels, particularly lilac, and beige tones are the color preferences for dresses.

Hammaraskjold Says He Hopes His Talks In Cairo And U. S. Will Be "Hopeful", "Useful"

By MARK EMOND

UNITED NATIONS, N. Y. (AP)—U.N. Secretary General Dag Hammarskjold returned to New York Thursday for a busy round of conferences with diplomats anxious for news of his Middle East talks with Egyptian President Nasser.

Arriving at New York's Idlewild Airport, Hammarskjold said he hoped his talks with Nasser would "prove helpful."

Hammarskjold refused to answer newsmen's questions but read this brief statement to them: "When I left New York on Tuesday of last week, I went to have informal exploratory talks. I have had such talks in Cairo and only in Cairo. My talks in Cairo reached a point at which I felt it would be better to return to New York to continue similar talks in the United Nations. I hope the talks in Cairo will prove helpful, and that the talks here will also be useful."

No Foreign Supervision

In Cairo, meanwhile, Nasser's chief political aide, Wing Commander Ali Sabry, said in an interview that the Egyptian government "believes Hammarskjold is convinced of the soundness" of Egypt's position on the Suez Canal. Sabry said Egypt would allow no foreign supervision whatsoever of the canal's operation.

Aides said one of Hammarskjold's first appointments will be with U.S. Ambassador Henry Cabot Lodge and that he would lunch with Canadian Foreign Secretary Lester B. Pearson and Norwegian Ambassador Hans Engen, both of whose nations are members of the secretary general's seven-nation Middle East Advisory Committee.

Meets Full Committee

Hammarskjold was to meet with the full committee this afternoon. The other members are Brazil, Ceylon, Colombia, India, and Pakistan.

Diplomatic sources in Cairo said Hammarskjold had reached an oral "gentlemen's agreement" with Nasser for U.N. Emergency Force troops to remain along the Gaza armistice line for the time being.

They said they believed the agreement included a promise from Nasser not to send Egyptian troops into the Gaza Strip immediately and to take no action regarding Israeli shipping in the Gulf of Aqaba.

"Egyptian Hospitality" One Egyptian source said UNEF troops were in Gaza "enjoying Egyptian hospitality" and emphasized that more formal arrangements will have to be reached regarding their status.

But it also was stressed that Egypt views it desirable to keep the U.N. forces along the border dividing the Gaza Strip and Israel.

The secretary general also brought back word of Egypt's latest proposals for running the Suez Canal.

Nasser was said to be insisting still that all canal tolls must be paid to Egypt, but reportedly was agreeable to setting aside 25 per cent for U.N. technical assistance in developing and maintaining the waterway and 5 per cent to compensate stockholders of the old Suez Canal Co.

Ban Foreign Money

An Egyptian circular issued after Hammarskjold left Cairo said British sterling and French francs would not be accepted as payment for canal tolls. It said Danish, Norwegian, Swedish, Belgian, Dutch, Italian or German money would be accepted if it was freely convertible in the European Payments Union.

The Indian rupee was declared acceptable for Indian ships. All other ships, the circular said, must pay in U.S. or Canadian dollars, Swiss francs or other currencies acceptable to the Egyptian exchange control.

SILBERSTEIN'S F.M. CLAIM IS CALLED PHONY

CHICAGO (AP)—Financier Leopold Silberstein, accused in a federal suit of getting Fairbanks, Morse & Co. stock illegally, says his interests have enough shares to gain control of the firm.

But Robert H. Morse Jr., president of the 127-year-old heavy machinery company, termed Silberstein's claim Wednesday "phony as a \$3 bill."

The statements were made to newsmen at the annual meeting of Fairbanks, Morse stockholders. It was a quiet session under routine prescribed by the U. S. District Court.

Votes to decide the firm's control were impounded by a court order, and the winner may not be known officially for weeks or months.

Suit Is Filed

Management has filed a suit in U. S. District Court asking an injunction to prevent voting of Fairbanks, Morse shares by the defendants—Silberstein and the Penn-Texas Corp. he heads; Jacques Sarlie, a New York financier, and their associates.

Sarlie, who gave the court-appointed election inspectors a ballot covering the 110,000 shares he is voting on the Silberstein served with a summons by a deputy U. S. marshal. A subpoena also was served yesterday on David L. Subin of Lansdale, Pa., a hosiery manufacturer and former Penn-Texas director.

INGRID BERGMAN IS GIVEN SECOND "OSCAR" AWARD

PARIS (AP)—Actress Ingrid Bergman Thursday said getting her second Oscar was easier on her nerves than her first.

Looking radiant, the 42-year-old Swedish-born star told reporters she took sleeping pills Wednesday night to help her get through the excitement of awaiting the outcome of the Academy Award competition.

She was named best actress of the year for her performance in the movie "Anastasia." Her first word of the selection came early Thursday morning when her publicity agent woke her to read her the Associated Press report of the awards.

A few hours later she received reporters in her hotel room. Wearing a grey suit, she already was surrounded with congratulatory telegrams from all over the world.

Too Many Pills

"I slept very well last night," she said, "but I took so many sleeping pills I guess that did the trick."

"This award was better than the one I got for 'Gas Light' because I slept through it. At the 'Gas Light' award I was there and sweating it out . . . an exhausting experience."

Happily carrying on her news conference in English, French and Italian, Miss Bergman said she does not have any present plans to return to the United States. She is now starring in the French production of the play "Tea and Sympathy."

"I plan to stay in Paris until 'Tea and Sympathy' closes this summer," she said. "Then I am going to Italy for a vacation. I would like to have the summer to myself."

Her agent said she probably would receive the Oscar statuette sometime soon in Paris at a simple award ceremony. Actor Cary Grant accepted the Oscar for her Wednesday night at the award ceremonies in Hollywood.

SANE MAN MAY BE EXECUTED; WHAT TO DO?

JEFFERSON CITY, Mo. (AP)—Paul Barbata isn't crazy. He hasn't been crazy for almost 13 years now. But if he's released from the state mental hospital at Fulton, Mo., a death sentence hangs over his head. Is the sentence still legal?

Gov. James T. Blair said Wednesday he has attorneys working on the strange legal tangle.

Dr. Alfred P. Baur, superintendent of the hospital, brought up the matter by suggesting Barbata be returned to the penitentiary.

The trouble is Barbata has never been in the penitentiary. At the time he was sentenced to hang for one of the three St. Louis murders of which he was accused in 1933 it was the job of the St. Louis sheriff to carry out the execution.

Escaped Hanging
Barbata was spared the noose when a former governor decided he was insane and ordered he be sent to the mental hospital until "restored to reason."

While Barbata has been in the hospital, the job of executing death sentences has been transferred by law to the state penitentiary and the gas chamber has replaced hanging.

Dr. Baur reported Barbata has been considered normal since 1944. He can circulate around the hospital grounds. He has made visits to St. Louis. He has operated the hospital canteen. He has helped doctors in the infirmary. He has saved the lives of several attendants when they were attacked by patients.

Barbata is 55 now and his most recent mental examination showed he has no delusions or hallucinations and is not psychotic. The hospital has recommended to two previous governors that Barbata be released. They didn't act.

Try Again Today To Settle Strike

PHILADELPHIA (AP)—A new meeting has been scheduled here for 2 p.m. today in an effort to settle a United Auto Workers strike that began Feb. 14 at the Titan Metal Manufacturing Co. plant in Bellefonte.

Robert W. Donahoe, regional director of the Federal Mediation and Conciliation Service, said he met with the company yesterday and arranged a joint meeting between management and labor. The latest meeting had been held last Friday. Today's session will be in the mediation service offices.

The strike is concerned mainly with wages and contract conditions.

Two Are Killed In Crash Of Plane

LEVITTOWN, Pa. (AP)—A light plane, coming in for a landing at Three-M Airport near here, struck high tension wires and crashed last night, killing both men aboard.

Dead were Carl Mullins, 39, and John Gurley, 29, both of Levittown. Mullins was the owner of the plane, a Piper Cub.

Police said the plane plunged to earth with its engine running, and struck within about 10 feet of a runway at the airport, an industrial landing field. There was no fire.

State police said both men have long been interested in flying and were on a short practice cruise.

Barbata was spared the noose when a former governor decided he was insane and ordered he be sent to the mental hospital until "restored to reason."

While Barbata has been in the hospital, the job of executing death sentences has been transferred by law to the state penitentiary and the gas chamber has replaced hanging.

MAYOR SCHRUNK IS ARRESTED FOR PERJURY, BRIBE

PORTLAND, Ore. (AP)—Terry Schrunk, mayor of this city torn by vice accusations, was arrested last night on charges of perjury and accepting a bribe.

Dist. Atty. William Langley, a city police officer and a Portland gambler, also were indicted by the Multnomah County (Portland) grand jury, which has been investigating charges of vice and corruption.

Langley, chief legal officer of the county, was accused of corruption and malfeasance for not upholding the gambling laws, of conspiring to obstruct justice by permitting gambling, and of accepting a bribe from persons "unknown." He was released on \$3,000 bail.

Both Key Witnesses
Both Langley and Schrunk were key witnesses recently at the Portland phase of the Senate labor racketeering hearings.

Langley cited the Fifth Amendment to protect himself from possible self-incrimination when asked about charges that he had conspired with certain Teamsters Union officials and others to expand vice activities in this city of 400,000.

Schrunk denied accusations that he had accepted a bribe and he offered to take a lie detector test. Later, though, he walked out on the test, conducted by the Secret Service, contending that the questions put to him were a "fishing expedition."
